

# **Quick Guide to American Cancer Society Resources**

The **American Cancer Society (ACS)** offers support in your community and online at every step of your cancer journey. Below are just some of the resources we provide. Visit **cancer.org** or call us at **1-800-227-2345** for more information.

## 24/7 Cancer Helpline

The **American Cancer Society** helpline provides 24/7 support by connecting you with trained cancer information specialists who can provide guidance and help find answers through phone, video calls, and online live chat.

- **Cancer information specialists:** Our trained team members are available to provide guidance and help find answers through phone, video calls, and online live chat. Available in English, Spanish, and 200 other languages via translation service.
- **Nurse support:** Oncology and pediatric oncology nurses are available to assist with more medically complex questions.
- Health Insurance Assistance Service: Our trained specialists can help with questions about your options and rights relating to health insurance and coverage.

Scan for more information and to access live chat through the ACS cancer helpline.

## Road To Recovery - Free Rides to Treatment For Cancer Patients

**Road To Recovery** 

One of the biggest roadblocks for people needing cancer treatment can be the lack of transportation. That's why the American Cancer Society Road To Recovery<sup>®</sup> program provides free rides to treatment through volunteer drivers.

- Trained volunteer drivers donate their time to help people with cancer get to the treatments they need.
- Transportation is provided based on volunteer availability and capacity.

#### Personal Health Manager

It can be hard to keep track of all the information you receive about your diagnosis and treatment, but keeping this information organized can help you feel less stressed and more prepared to talk with your doctor. The ACS Personal Health Manager can help. Your Personal Health Manager content can be printed and kept in a 3-ring binder to take along to your appointments. Using tabbed dividers to separate each section will make it easier for you to find what you need.

# Helping people with cancer and their caregivers navigate the cancer journey with confidence.

If you or someone you love has been diagnosed with cancer, deciding what's next can be overwhelming. Now you can get one-on-one support and the quality curated information you need in a new digital app for easy access, available anytime and anywhere. Speak with a trained ACS team member who can connect you to resources over the phone. For non-clinical support, you can also be matched with a trained volunteer who shares a similar cancer experience, including diagnosis, location, military status, race, and ethnicity. Download the ACS CARES app today to get started! Available in English and Spanish.

#### **Cancer Survivors Network**

Our Cancer Survivors Network (CSN) is a free online community where survivors and caregivers share their stories, ask questions, and get support from each other. With a chat room and more than 40 discussion boards, CSN allows you to connect with others who have a similar cancer experience. You can send private messages to other members, build your own support network, post blogs, and more. Visit **csn.cancer.org**.
